Colour selector

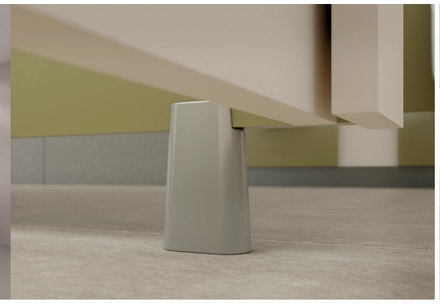
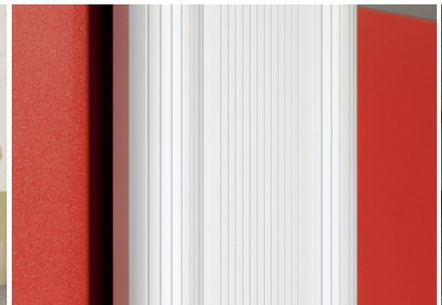
Helping you create a stylish, co-ordinated washroom.



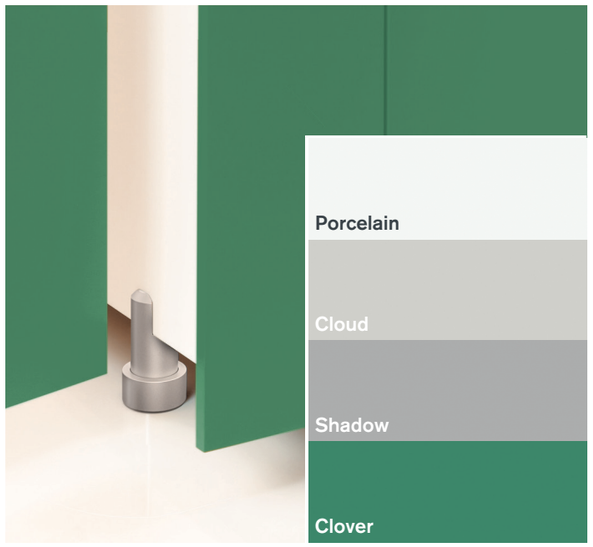


Accent colour

Used sparingly, accent colours are a great way to create contrast or add extra depth to your overall colour scheme.

A little bit of differentiation goes a long way in any washroom environment. The examples below show the effect you can create with one carefully chosen accent colour.

(Please consult our swatch samples for an accurate colour reference)

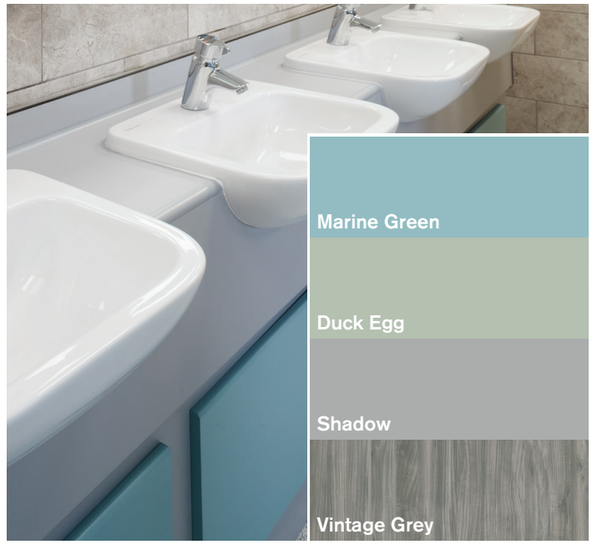


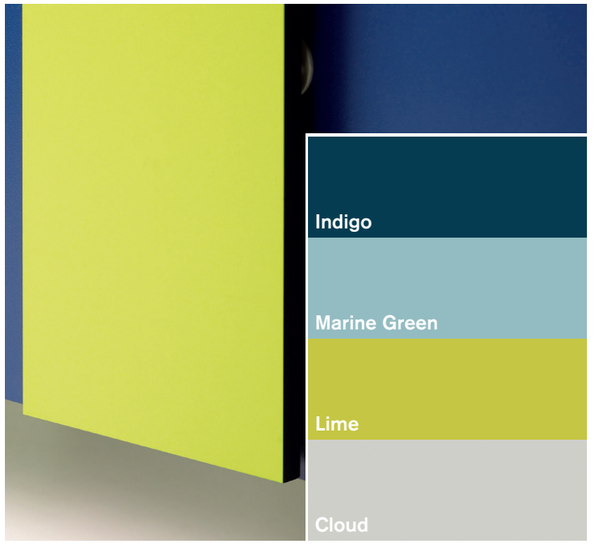
Colour harmonising

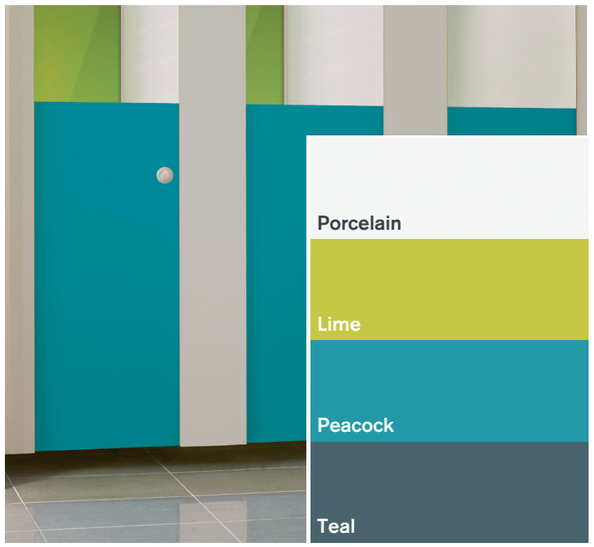
Choose complementary colours for a stunning look that's dramatic without being overpowering.

Harmonising colours is an effective way of making a lasting impact. Ask our friendly sales team and they'll help you choose the optimum colour matches for your scheme.

(Please consult our swatch samples for an accurate colour reference)





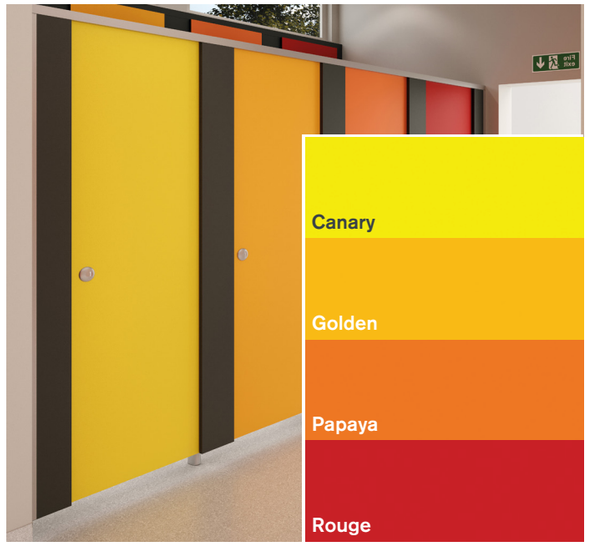


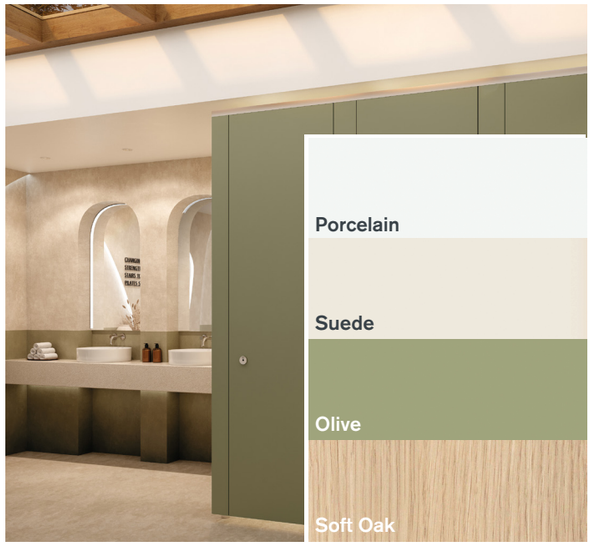
Tonal colour

Select varying shades of the same colour and you'll produce a balanced, co-ordinated finish.

A blend of tonal colours makes a subtle statement. It's a great way to go when you're looking for a more understated aesthetic.

(Please consult our swatch samples for an accurate colour reference)



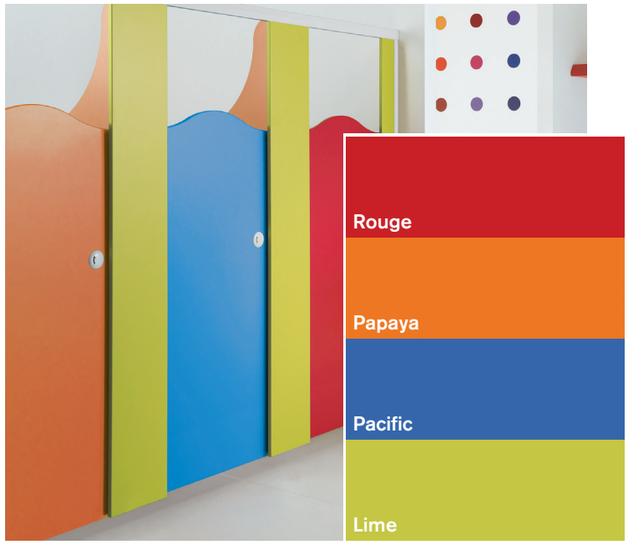


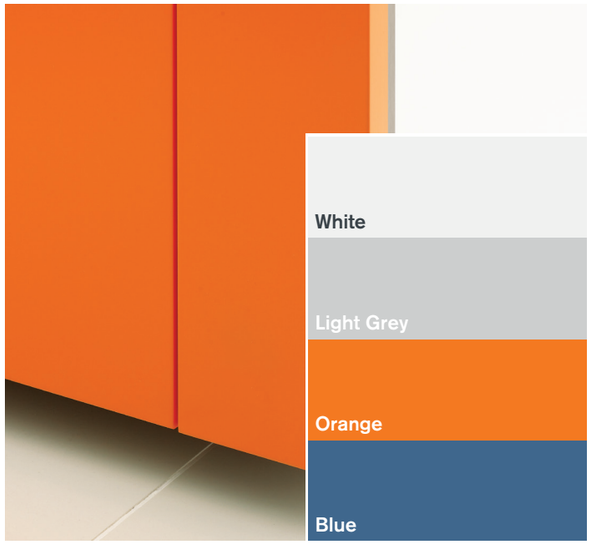
Contrasting colour

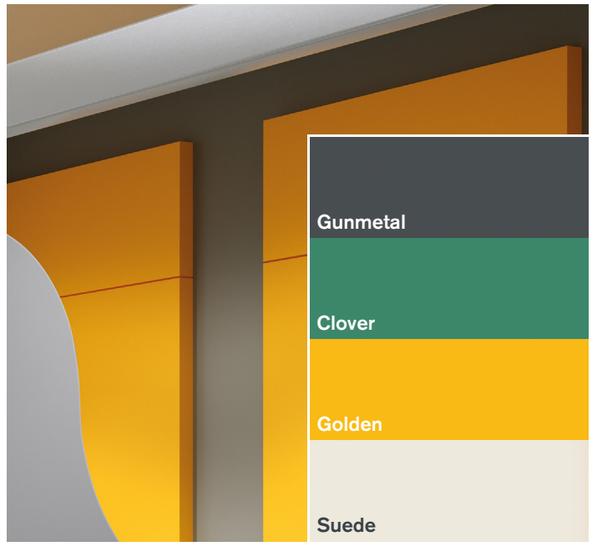
If you're opting for a really dramatic effect, choose contrasting colours.

These bold, bright colours are guaranteed to impress. From bright orange to lime green, if you want to make a big statement, this is the way to do it.

(Please consult our swatch samples for an accurate colour reference)







Real wood veneers

Our sleek Alpi veneer finishes have been carefully selected to bring warmth and vitality to your designs.
