

We know sports and leisure.
We're passionate about raising the bar for sports and leisure centre washrooms. Your need for practicality in both wet and dry environments has prompted us to create a versatile range of safe, durable and innovative solutions, whatever your budget.

Lockers and benches

For over 40 years, we've been designing and manufacturing lockers and benches for leisure centres and education environments. So whatever environment you're working in, you can rely on our stylish and flexible, tried and tested locker and bench solutions to seamlessly fit and perfectly enhance your space.

Model 2

711 x 362mm

Model 3

469 x 362mm

Model 4

349 x 362mm

Model Z

1025x 362mm

Overall height

Active lockers1913mm

Bench lockers1473mm

from bench level

Widths

300mm (not applicable to Model Z)

400mm

Depths

500mm

830mm (including bench)

Active lockers key features

• Available in 34 laminate colours

• Robust and hardwearing

• Practical in design and functionality

• High impact resistance

• Totally impervious to water

Door performance

High impact resistant 13mm thick Solid Grade Laminate (SGL) doors with 3mm radius corners.

Body performance

Robust, hardwearing and waterproof 3mm SGL carcass in Cloud.

Dividers

Hygienic, easy to clean 13mm thick SGL horizontal shelves in Cloud or Shadow.

Hinge

Rolled stainless steel self-closing hinge.

Ventilation

3mm space between doors and frame allows air to circulate.

Locks

• Coin retain

• Coin return

• Cylinder/cam lock

• Digi lock

• RFID lock

• Hasp lock

Accessories

• Laser cut numbers for locker doors

• Nylon coat hooks as standard with Model 1, Model 2 and Model Z lockers

• Nylon coat hooks as standard with Model 1 and Model Z bench lockers

• Corresponding wristband in red or blue

Stands

Venesta recommends that the lockers are installed on a raised concrete base in wet areas. Alternatively, the lockers can be mounted on a powder coated cantilevered bench. Please contact our sales team for details.

Benches

Our benches have been designed to provide strength, safety and flexibility. Available in 2 materials (13mm SGL and 32mm hardwood) and in five profiles. Each benching solution has Light Grey (RAL9006) powder coated steel or stainless steel* tubular framework.

Box section construction is tubular with adjustable feet and hidden fixings.

These bench systems are ideal for any of our washroom or cubicle systems, in both wet and dry environments.

*Contact our friendly sales team on 01474 353333 for details on prices and lead times.

Perimeter cantilever benching

Island benching

Perimeter

Freestanding benching

Locker benching

Benching key features

• Hardwearing SGL and hardwood benching options available

• Available in five profiles, each with tested tubular framework

• Ideal for wet and dry environments

• Designed for high level use

• Adjustable feet to suit uneven floors

• Optional shoe rack detail available

• Optional cubicle anti-peep rail detail available to complement coat hooks

Profiles

• Perimeter benching

• Perimeter cantilever benching

• Freestanding benching

• Island benching with integral coat hooks

• Locker benching

Dimensions

440 or 460mm bench height.

Performance

Hardwood slats in beech or SGL solid or pocket benches with double corrosion protected Light Grey powder coated steel or stainless steel* tubular frame.

Wall mounted coat hooks

13mm SGL or 20mm hardwood coat rails in beech, with satin anodised aluminium coat hooks.

*Contact our friendly sales team on 01474 353333 for details on prices and lead times.
