

Case Study

Belleville Primary School

Venesta

“Before this project went ahead we stipulated that our suppliers needed, not only to provide highly thought out, stylish systems but also to be hot on the quality of their service too. I’m delighted to say, we got both from Venesta.”

Mr Grove, Head, Belleville Primary School

Named ‘outstanding’ by Ofsted in 2007, Belleville School in Battersea, looks after 730 pupils, aged between 4 and 11. Housed in a classic Victorian building, the school is committed to providing a warm and friendly environment for children to learn and spends a lot of time and effort ensuring its pupils feel safe, secure and stimulated.

Charged with an extensive refurbishment to the whole school, chartered surveyors, Wilby and Burnett, briefed Venesta to provide a cubicle range that would answer the school’s need for a fun, safe, hygienic environment.

Genesis was selected for its design and variety of height options making it the natural choice. School head, Mr Grove, was particularly impressed by Venesta’s online design studio which allowed him to visualise different colour mixes before making his selection.

A key consideration on this project was timing. The refurbishment was planned for the school holidays, meaning it had to be gutted and refitted in just six weeks.

Thankfully, the highly efficient Venesta team was able to rise to the challenge and delivered the cubicles on time and ready to install.
