Vanities Solid Surface

For luxury, strength and a smooth, seamless finish, our Solid Surface solution wins hands down. The carefully composed blend of acrylic polymer minerals and integral moulded reinforcements create a low maintenance, non-porous material which ensures complete impact and thermal shock resistance. Now available in 13 striking profiles and in a choice of 22 on-trend finishes, for ultimate washroom design flexibility.

Key features

- Sleek, solid material ensures consistency and durability
- 13 vanity profiles, including stylish washtroughs, all in a choice of 22 on-trend finishes
- A choice of thermoformed or hidden waste washtroughs
- Integral bowl option offers a seamless finish
- Offers flexibility and space efficiency
- A non-porous material that resists stains and bacteria
- Impact-resistant and requires very little maintenance

To view the range of Solid Surface vanity profiles please see p216-217.
